Supplemental Disclosures

As previously reported, on March 16, 2026, National Storage Affiliates Trust, a Maryland real estate investment trust (the “Company”), NSA OP, LP, a Delaware limited partnership (the “Partnership” and, together with the Company, the “Company Parties”), Public Storage, a Maryland real estate investment trust (“Public Storage”), Public Storage OP, L.P., a Delaware limited partnership (“Parent OP”), Pelican Merger Sub I, LLC, a Maryland limited liability company and a wholly owned subsidiary of Parent (“Merger Sub I”), and Pelican Merger Sub II, LLC, a Delaware limited liability company and a wholly owned subsidiary of Parent OP (“Merger Sub II” and, together with Public Storage, Parent OP and Merger Sub I, the “Parent Parties”), entered into an Agreement and Plan of Merger (the “Merger Agreement”). Subject to the terms and conditions of the Merger Agreement, among other things, the Company will merge with and into Merger Sub I, with Merger Sub I continuing as the surviving company (the “Company Merger”), and Merger Sub II will merge with and into the Partnership, with the Partnership continuing as the surviving limited partnership. Capitalized terms used but not defined herein have the meanings ascribed to them in the Merger Agreement. In connection with the Merger Agreement and the transactions contemplated thereby, Public Storage filed with the U.S. Securities and Exchange Commission (the “SEC”) a registration statement on Form S-4 containing a proxy statement/prospectus, as amended, and the Company filed a definitive proxy statement and Public Storage filed a prospectus with the SEC, each dated June 12, 2026 (collectively, the “Proxy Statement/Prospectus”). The Company first mailed the Proxy Statement/Prospectus to its shareholders on or about June 12, 2026. The Proxy Statement/Prospectus relates to, among other things, the special meeting of the Company’s shareholders to, among other things, vote to approve the Company Merger and the other transactions contemplated by the Merger Agreement, which is scheduled to be held on July 14, 2026.

Explanatory Note

As of the date hereof, three complaints challenging the proposed Company Merger and the other transactions contemplated by the Merger Agreement (each, an “Action” and, collectively, the “Actions”) have been filed by purported shareholders of the Company following the announcement of the Company Merger. The Actions captioned *Williams v. National Storage Affiliates Trust, et al.*, Index No. 653673/2026 (filed on June 22, 2026) and *Clark v. National Storage Affiliates Trust, et al.*, Index No. 653741/2026 (filed on June 24, 2026) were filed in New York Supreme Court, New York County, and named the Company and the members of the Company’s board of trustees as defendants. The Action captioned *Garfield v. National Storage Affiliates Trust, et al.*, Case No. 2026CV031765 (filed on June 30, 2026) was filed in the District Court of Arapahoe County, Colorado and named the Company, the members of the Company’s board of trustees and Public Storage as defendants.

The Actions generally allege, among other things, negligent misrepresentation and concealment and negligence in violation of law and breaches of fiduciary duty, and seek various remedies, including injunctive relief to prevent the consummation of the Company Merger and the other transactions contemplated by the Merger Agreement unless certain allegedly material information is disclosed and rescissory damages in the event that such transactions are consummated without such disclosures.

In addition, the Company has received demand letters from purported shareholders of the Company seeking additional disclosures in the Proxy Statement/Prospectus (collectively, the “Demand Letters”).

The Company believes that the claims asserted in the Actions and the Demand Letters are without merit and that supplemental disclosures are not required or necessary under applicable law but cannot predict the outcome of such claims. Additional lawsuits and demand letters arising out of the Company Merger and the other transactions contemplated by the Merger Agreement may also be filed or received in the future. If additional similar lawsuits and/or demand letters are filed or received, absent new or significantly different allegations, the Company will not necessarily disclose such additional lawsuits or demand letters.

While the Company and the other defendants named in the Actions believe that the disclosures set forth in the Proxy Statement/Prospectus fully comply with all applicable laws and denies all of the allegations set forth in the pending Actions described above, in order to moot plaintiffs' claims and avoid the nuisance and potential expense and business delays, the Company has determined, without admitting any liability or wrongdoing, to voluntarily supplement certain disclosures in the Proxy Statement/Prospectus related to the plaintiffs' claims with the supplemental disclosures set forth below (the "Supplemental Disclosures"). Nothing in the Supplemental Disclosures shall be deemed an admission of the legal merit, necessity or materiality under applicable laws of any of the disclosures set forth herein. To the contrary, the Company specifically denies all allegations in the Actions and the Demand Letters described above that any additional disclosure was or is required or material.

These Supplemental Disclosures should be read in conjunction with the rest of the Proxy Statement/Prospectus, which should be read in its entirety. To the extent that the information set forth herein differs from or updates information contained in the Proxy Statement/Prospectus, the information set forth herein shall supersede or supplement the information in the Proxy Statement/Prospectus. The information contained herein speaks only as of July 8, 2026, unless the information indicates another date applies. All page references used herein refer to pages in the Proxy Statement/Prospectus before any additions or deletions resulting from the Supplemental Disclosures, and capitalized terms used below, unless otherwise defined, shall have the meanings ascribed to such terms in the Proxy Statement/Prospectus. **Underlined and bolded** text shows text being added to a referenced disclosure in the Proxy Statement/Prospectus and ~~stricken through~~ text shows text being deleted from a referenced disclosure in the Proxy Statement/Prospectus. These Supplemental Disclosures are incorporated into, and amend and/or supplement, the Proxy Statement/Prospectus as provided herein. Except as specifically noted herein, the information set forth in the Proxy Statement/Prospectus remains unchanged.

Supplemental Disclosures to the Proxy Statement/Prospectus

The disclosure under the heading "The Mergers—Background of the Mergers" is hereby amended and supplemented by replacing the third full paragraph on page 42 of the Proxy Statement/Prospectus in its entirety with the following:

Following discussion of such strategies, the NSA board determined to establish an evaluation committee (the "evaluation committee") to facilitate the **review of, and further develop, NSA's ongoing strategy, including the** evaluation and review of these and other potential strategies that could be available to NSA. The evaluation committee initially consisted of Mr. Nordhagen, Mr. Hylbert, Steven G. Osgood, an independent trustee and Chairperson of NSA's Finance Committee, Michael J. Schall, an independent trustee and Chairperson of NSA's Compensation, Nominating and Corporate Governance Committee (the "CNCG committee"), and Ms. Fischer. The NSA board delegated to the evaluation committee the authority to consider, review and evaluate various strategies that might be available to NSA and to report to and make recommendations to the NSA board from time to time. The evaluation committee **also had authority to solicit the views of, and direct the assistance of, NSA's officers, agents and employees in connection with its review of potential strategies. The evaluation committee** was also tasked with addressing the third-party joint venture and evaluating approaches that could minimize completion risk and adverse tax consequences posed to NSA and NSA OP unitholders by the joint venture's formation. The evaluation committee did not have authority to approve or reject any transaction. The NSA board also authorized the evaluation committee to establish its own procedures, to meet as frequently as it deemed appropriate, and to be dissolved upon completion of its mandate.

The disclosure under the heading “The Mergers—Background of the Mergers” is hereby amended and supplemented by replacing the third full paragraph on page 47 of the Proxy Statement/Prospectus in its entirety with the following:

On November 26, 2025, the evaluation subcommittee held a meeting, with representatives of Morgan Stanley and Clifford Chance in attendance at the invitation of the evaluation subcommittee. The evaluation subcommittee reviewed and discussed a draft of the high-level Dropdown JV term sheet provided to them by Clifford Chance. The evaluation subcommittee also received an update from representatives of Morgan Stanley, including that Party A and Public Storage had been granted access to NSA’s data room. Representatives of Morgan Stanley also reviewed with the evaluation subcommittee revised NSA financial projections prepared based on the preliminary financial projections prepared by NSA management and that were presented by NSA management to reviewed with the NSA board in August 2025, the evaluation committee on October 1, 2025 and the NSA board on October 27, 2025, which revised NSA financial projections were substantially the same as the preliminary financial projections that the NSA board and the evaluation committee had previously reviewed, but incorporated actual performance by NSA during the period prior to the dates on which such financial projections were prepared from August 2025 to November 2025. The evaluation subcommittee reviewed and recommended that the revised financial projections be presented to the NSA board. During this period, in connection with NSA’s development of the Dropdown JV concept, Public Storage contacted representatives of Morgan Stanley to inquire about the maximum and minimum investment size that could be supported by NSA OP unitholders in the Dropdown JV. NSA, with the assistance of Morgan Stanley, responded that it believed a range of approximately \$500 million to \$1 billion could be achievable. Public Storage subsequently indicated that if a minimum NSA OP unitholder investment of NSA OP units with a value of approximately \$750 million could be delivered, Public Storage would find the Dropdown JV structure workable and would not need to bring in additional third-party institutional investors to co-invest as equity partners in a business combination with NSA.

The Proxy Statement/Prospectus is hereby amended and supplemented by adding the following section entitled “The Mergers—Certain Illustrative Preliminary Estimates Regarding the Dropdown JV” immediately before the section entitled “The Mergers—Interests of NSA’s Trustees and Executive Officers in the Mergers” on page 77:

In connection with the consent solicitation, for the limited purpose of providing information to NSA OP unitholders in connection with their evaluation of the Dropdown JV and the special redemption, certain illustrative preliminary estimates regarding the Dropdown JV for the seven-year period following the formation of the Dropdown JV (the “Illustrative JV Estimates”) were made available to NSA OP unitholders. The Illustrative JV Estimates were designed solely to assist, and were solely provided to, NSA OP unitholders to allow them to evaluate hypothetical scenarios by allowing NSA OP unitholders to model the potential impact of various assumptions made by such NSA OP unitholders. The summary below of the Illustrative JV Estimates is being provided to NSA shareholders to provide them with access to certain previously nonpublic information that was furnished to NSA OP unitholders in connection with the consent solicitation and their consideration of participation in the Dropdown JV, and such information may not be appropriate for other purposes, and is not included to induce any holder of NSA common shares to vote in favor of the proposals contained in this proxy statement/prospectus or to influence any NSA shareholder or any other person to make an investment decision with respect to the mergers or otherwise. The inclusion of the Illustrative JV Estimates in this proxy statement/prospectus should not be regarded as an indication that NSA, Public Storage or any of their respective affiliates, officers, trustees, advisors or other representatives or any other recipient of this information considered or now considers the Illustrative JV Estimates to be necessarily predictive of actual future events or results, and the Illustrative JV Estimates should not be relied upon as such. Neither NSA, Public Storage nor any of their respective affiliates, officers, trustees, advisors or other representatives can give any assurance that the projected results will be realized or that actual results will not be significantly higher or lower than estimated. Neither NSA, Public Storage nor any of their respective affiliates, officers, trustees, advisors or other representatives has made or makes any representation to any NSA shareholder regarding the ultimate performance of NSA, the Dropdown JV or Public Storage compared to the information contained in the Illustrative JV Estimates, or that the results reflected in the Illustrative JV Estimates will be achieved, and the inclusion of the Illustrative JV Estimates herein should not be read to do so.

The Illustrative JV Estimates were not prepared with a view toward public disclosure or in accordance with the published guidelines of the SEC regarding projections and forward-looking statements or the guidelines established by the American Institute of Certified Public Accountants for the preparation and presentation of prospective financial information, or GAAP. Neither NSA’s independent auditors, Public Storage’s independent auditors nor any other independent accountants, have compiled, examined or performed any procedures with respect to the Illustrative JV Estimates, nor have they expressed any opinion or any form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with, the Illustrative JV Estimates. The report of the independent registered public accounting firm of NSA contained in NSA’s Annual Report on Form 10-K and the report of the independent registered public accounting firm of Public Storage contained in Public Storage’s Annual Report on Form 10-K, each for the year ended December 31, 2025, which are incorporated by reference into this proxy statement/prospectus, relate to the historical consolidated financial statements of NSA and Public Storage, respectively. Such reports do not extend to the Illustrative JV Estimates and should not be read to do so. The inclusion of the Illustrative JV Estimates in this proxy statement/prospectus should not be regarded as an indication that such information is necessarily predictive of actual future events or results and such information should not be relied upon as such, and readers of this proxy statement/prospectus are cautioned not to place undue reliance on the Illustrative JV Estimates.

While presented with numerical specificity, the Illustrative JV Estimates set forth below were based on numerous variables, expectations, estimates and assumptions, including assumptions related to industry performance and general business, economic, market and financial conditions, including assumptions regarding the terms of the Dropdown JV financing, the assumption that the Dropdown JV achieves 100% realization of the potential synergies estimated by Public Storage, assumptions as to the self storage market conditions and the Dropdown JV's structure and operations and other material assumptions. The Illustrative JV Estimates also reflect assumptions as to certain business decisions that are subject to change and, in many respects, subjective judgment, and thus are susceptible to multiple interpretations and periodic revisions based on actual experience and business developments. Further, such variables, expectations, estimates and assumptions are inherently subjective and uncertain, may not be realized, and many of them are beyond the control of NSA and Public Storage. Some or all of the variables, expectations and assumptions underlying the Illustrative JV Estimates may have changed since the date on which the Illustrative JV Estimates were prepared. Important factors that may affect actual results and cause the Illustrative JV Estimates not to be achieved include, but are not limited to, risks and uncertainties relating to NSA's, Public Storage's and the Dropdown JV's respective businesses (including their respective ability to achieve strategic goals, objectives and targets over applicable periods), industry performance, the regulatory and competitive environment, general business and economic conditions and other factors described in the sections of this proxy statement/prospectus entitled "Cautionary Statement Regarding Forward-Looking Statements" and "Risk Factors." As a result, actual results may differ materially from those contained in the Illustrative JV Estimates. The Illustrative JV Estimates should be evaluated, if at all, in light of the assumptions made by NSA and Public Storage, as applicable, and in conjunction with other information regarding NSA and Public Storage contained elsewhere in this proxy statement/prospectus and NSA's and Public Storage's respective public filings with the SEC. NSA shareholders are urged to review the most recent SEC filings of NSA for a description of NSA's risk factors, reported and anticipated results of operations and financial condition and capital resources, including in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in NSA's Annual Report on Form 10-K for the year ended December 31, 2025 and subsequent Quarterly Reports on Form 10-Q and the most recent SEC filings of Public Storage for a description of Public Storage's risk factors, reported and anticipated results of operations and financial condition and capital resources, including in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Public Storage's Annual Report on Form 10-K for the year ended December 31, 2025 and subsequent Quarterly Reports on Form 10-Q, which are incorporated by reference into this proxy statement/prospectus. Neither NSA nor Public Storage can give any assurance that the Illustrative JV Estimates and the underlying assumptions will be realized. In addition, since the Illustrative JV Estimates cover multiple years, such information by its nature becomes subject to greater uncertainty with each successive year. Actual results may differ materially from those set forth below.

The Illustrative JV Estimates do not take into account any circumstances or events occurring after the date on which they were prepared, any changes to NSA's or Public Storage's strategy or operations that may be implemented after the consummation of the mergers or such other transactions. Neither NSA nor Public Storage can give any assurance that, had the Illustrative JV Estimates been prepared either as of the date of proxy statement/prospectus, similar estimates and assumptions would be used.

IN LIGHT OF THE FOREGOING FACTORS AND UNCERTAINTIES INHERENT IN THE ILLUSTRATIVE JV ESTIMATES, AND CONSIDERING THAT THE NSA SPECIAL MEETING WILL BE HELD AFTER THE ILLUSTRATIVE JV ESTIMATES WERE PREPARED, NSA SHAREHOLDERS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE, IF ANY, ON THE ILLUSTRATIVE JV ESTIMATES. EXCEPT AS MAY BE REQUIRED BY APPLICABLE LAW, NEITHER NSA NOR PUBLIC STORAGE UNDERTAKES ANY OBLIGATION TO UPDATE OR OTHERWISE REVISE OR RECONCILE THE ILLUSTRATIVE JV ESTIMATES TO REFLECT CIRCUMSTANCES EXISTING AFTER THE DATE THE ILLUSTRATIVE JV ESTIMATES WERE GENERATED OR TO REFLECT THE OCCURRENCE OF FUTURE EVENTS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS UNDERLYING SUCH INFORMATION ARE SHOWN TO BE INAPPROPRIATE.

Certain financial metrics presented in this section are “non-GAAP financial measures” as set forth in Item 10(e) of Regulation S-K and should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. The calculation of non-GAAP financial measures may differ from others in the industry, and such measures are not necessarily comparable with similar titles used by other REITs. SEC rules that may otherwise require a reconciliation of a non-GAAP financial measure to a GAAP financial measure do not apply to non-GAAP financial measures provided to directors or trustees, or a financial advisor, in connection with a proposed transaction like the mergers when the disclosure is included in a document like this proxy statement/prospectus.

Cautionary Statement Regarding Forward-Looking Statements

This communication contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and in Section 21E of the Securities Exchange Act of 1934, as amended, which are based on current expectations, estimates and projections about the industry and markets in which National Storage Affiliates Trust (“NSA”) and Public Storage operate, as well as beliefs and assumptions of NSA and Public Storage. Words such as “anticipate,” “become,” “believe,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “outlook,” “plan,” “potential,” “possible,” “predict,” “project,” “target,” “seek,” “shall,” “should,” “will,” or “would,” including variations of such words and similar expressions, are intended to identify forward-looking statements. All statements that address operating performance, events or developments that NSA or Public Storage expects or anticipates will occur in the future are forward-looking statements, including statements relating to any possible transaction between NSA and Public Storage, rent and occupancy growth, acquisition and development activity, acquisition and disposition activity, general conditions in the geographic areas where NSA and Public Storage operate, NSA’s and Public Storage’s respective debt, capital structure and financial position and NSA’s and Public Storage’s respective ability to form new ventures. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other factors that are difficult to predict and may cause the actual results to differ materially from future results expressed or implied by such forward-looking statements.
